OXYGEN FACIAL | \$100

The Oxygen Facial is an antioxidant therapy to relieve free radical damage. This helps rejuvenate sluggish, tired skin due to toxins, pollutants, allergens, improper diet, solar damage, smoking and aging. A rosy flush and rapid warm sensation to the skin is normal. Oxygenating treatments leave the skin radiating with a healthy look that will last seven to ten days. Perfect for events!

FILLER FACIAL-PLLA | \$225 SERIES OF 3 \$625

The Sculptra serum and the encapsulated hydrogen sheet mask which activates the serum, and helps drive the filler ingredient into the skin. Results lasts for up to 6 weeks after a single treatment and up to 5 months after a series of 3 to 5 treatments done 1 week apart.

MICROCURRENT FACIAL | \$125 SERIES OF 6 \$600

The "natural facelift" most-effective electric lifting facial, this is your go-to beauty treatment for both immediate and long-term anti-aging results. A tiny subsensory current delivers close to the body's own bio current, to comfortably lift and tone tired facial muscles. I combine this with the famous Facial Contouring Massage to release your tense, overworked facial muscles at a deeper level. This leads to fine lines and wrinkles are softened, puffiness is diminished, cheekbones are rediscovered, and your jawline will look defined and sculpted.
